

HIS AND HERS

Offer this simple but elegant pair of columns perfect for the entrance, cake table or head table at a wedding.

Materials:

- 6 19" Anagram Decorator Curves, Silver: (16301-99)
- 6 9" Lilac foil hearts (16676-99)
- 6 4" Lilac foil hearts (16659-99)
- 1 Wedding Dress SuperShape™ (15905-01)
- 1 Tuxedo SuperShape™ (18015-01)
- 2 Silver Party Hat Weights (10682-02) or other silver weights
- Self Adhesive Hook and Loop Tape
- Cable Ties

Instructions:

1. Inflate the six silver Curves with helium (They won't float, but this reduces the weight on the SuperShape balloons).
2. Attach two of the Curves to the weights by passing the tail through the loop on the top of the weight, and securing with a cable tie.
3. Create two chains of three curves each by joining them together with cable ties. Overlap the balloons by about an inch (2.5cm) and pull the cable tie tight around the overlap.
4. Helium fill the Wedding Dress SuperShape and attach it to the top of one of the chains of curves using a cable tie. Do the same with the Tuxedo and the other chain.
5. Inflate all the 4-inch and 9-inch hearts with air and heat seal them. Roll and tape the tails to make them neat.
6. Attach the hearts to the silver curves using small pieces of self adhesive hook and loop tape, as shown in the pictures, to create a pair of columns.

Note: To comply with California Law, the entire design can be air-filled and suspended from above on monofilament line.

Estimated Cost: \$14

Labor: 20 minutes for the pair

Suggested Retail Price: \$30/each
