- 1 x Bunny Hug Head Mini Shape (0823002)

- 5 x 5” Blossom Pink Anagram decorator Latex balloons (990080)

- 1 x Easter Dots large box (918800)
- 3 sheets coloured tissue paper
- 1 x Pink foil balloon weight (11777-06)

Construction Method:

1. Inflate the Bunny Head Supershape balloon with helium and attach to the string decoration. Attach the other end to the weight, at the desired height.
2. Make two 4-balloon clusters of 5”

balloons sized to 4” and 3” from French Lavender and Blossom Pink balloons. Wrap onto the string decoration below the Supershape balloon as shown.

3. Arrange the tissue paper sheets one on top of the other, place the weight in the middle, and draw the tissue up around the weight. Drop the weight into the box.
4. Air inflate the 9” bunny head balloon, and attach to the stick and cup. Cut the stick to the desired length and insert between the tissue sheets into the box. Tape in place to secure.
5. Air inflate the remaining 5” balloons to approx 1,5” and glue to the tissue and the box as shown.
6. Add chocolate eggs to the box as desired.
