

STAR ARCH

Created By Chris Horne, Amscan International Limited.

Product Required:

- Selection of colours from the range of “Celebration Crystal” Anagram Decorator Latex Balloons.
- 1 x 11” “Multi Stars” 30m string decoration (678496-90)

- 2 x heavy weights such as a house bricks, wrapped in tissue.

Construction Method:

1. Tie one end of the string decoration to one of the weights.
 2. Inflate balloons with helium to 11”, and tie around the line of the string decoration, halfway between the stars.
 3. When the desired length of arch is reached, cut the line and tie to the second weight.
- 4 Arches of 25 balloons can be constructed using a single string decoration!
 - Both balloons and stars can be slid along the line to ensure that they are positioned evenly and attractively.
